COMMISSION ON SCIENCE AND TECHNOLOGY  
PO Box 832  
TRENTON NJ 08625-0832

JON S. CORZINE  
Governor

June 27, 2007

Dr. Eugene Gordon  
Germgard Lighting, LLC  
3328 Belt Road  
Dover, NJ 07801

Dear Dr. Gordon:

I am pleased to inform you that the New Jersey Commission on Science and Technology has awarded you an Edison Innovation R&D Fund grant. Your Edison Innovation R&D Fund award is made in the amount of \$498,000 payable directly to Germgard Lighting, LLC.

The Commission on Science and Technology understands that access to capital is a critical need of early stage technology based companies in New Jersey. The Edison Innovation R&D Fund has been designed to provide early-stage financing and commercialization support for New Jersey high-tech companies at a higher risk earlier stage in their development and to promote collaboration between New Jersey technology companies and New Jersey research universities.

Following this letter, you will receive from the Commission contracting information and instructions. Additionally, Edey Fineman will contact you to gather information for public recognition.

In the meantime, if you have any questions whatsoever, please do not hesitate to contact my office at (609) 984-1671.

Congratulations on your Edison Innovation R&D Fund Award.

Sincerely,

A handwritten signature in blue ink, appearing to read "Joshua Trojak", written over a horizontal line.

Joshua Trojak  
Acting Executive Director
